Virtual Tour by Area and Room

1. The front door enters a **FOYER**, and our **GUEST ROOMS** are straight up the stairs. Name placards identify your room(s). You will find extra toilet paper, tissues, a hair dryer, and other items in the bathroom cabinets. There are TV's with DVD players, and Roku players for streaming live TV and movies.
2. The **HALLWAY CLOSET**, adjacent to the guest rooms, has a **FIRE EXTINGUISHER**; extra towels, linens, toiletries, and light bulbs; **BEACH TOWELS** for the hot tub; a large trashcan, laundry basket, plunger, and more. There is also a built-in ironing board in the hallway. **ROOM SERVICE** is not provided, so please help yourself to these items, and let us know if anything needs replenishing.

(Over)

3. The **DINING ROOM** is to the right of the foyer, and there is a **HALF BATH** down the hall. The **BAR** and **MEDIA ROOM** are downstairs. ***These are shared areas so be respectful of other guests and clean up after yourself.***
4. We provide a self-serve “lite fare” breakfast in the **DINING ROOM** that includes breads, butter, cereals, yogurts, milk, juice, and more. You will find most of these items in the mini-fridge. There is also a Keurig, a hot water pot, and an assortment of teas and coffee. ***You are welcome to order-in or bring your own food, especially if you have special dietary needs.***
5. The dining room opens onto a **SCREENED PORCH**, and you may sit outside weather permitting.
6. The **BAR** has a fridge where you can store personal items. There is a large trashcan, recycle bin, sink, and ice maker inside the cabinet at the end of the counter. Help yourself to any items in the drawers and cabinets (except the alcohol), and please wash anything you use. There is a microwave, but we ask that you only use it to heat items up – no cooking!
7. The **MEDIA ROOM** has a projector with Roku for streaming live TV and movies. The power button is on the side of the overhead unit (input is HDMI2). The **AVR** (big black box) that controls input to the projector is in the bookshelf. The red-lighted button powers up the AVR (green means it’s on). The big dial controls volume, and the little dial controls input; “SAT/CBL” for the Roku, and “HDP” for DVD’s. DVD’s can be played using the ***Sony PlayStation*** in the bookshelf next to the AVR. Please “Google” PlayStation directions if you have never used one. ***Power down all the equipment when finished.*** The ***Fireplace*** is temperamental and available only by request!
8. The **HOT TUB** is out the front door, and up the stone steps to your left. Please call us to check availability before using. ***YOU ARE RESPONSIBLE FOR DAMAGES SO FOLLOW THESE DIRECTIONS!*** No more than 4 people in the hot tub at a time, and children under 18 MUST be with an adult. ***Use the beach towels from the guest hallway closet*** – NOT your room towels! Wear shoes to the hot tub, and appropriate clothing while in it. Use the trunk next to the tub to keep towels, robes, and personal items dry. No glass or smoking in the tub. Open the hot tub cover from the railing side. Flip the cover once on itself and lift the arm to bring it vertical. ***DO NOT LIFT THE ARM FIRST!*** Use the instrument panel on the railing side to operate the jets. The other panel is for advance settings and maintenance! Please ***DO NOT CHANGE THE TEMPERATURE*** as it is set for optimal operation! You can also adjust the thrust of the nozzles using the knobs on the deck or by turning the dials underwater. ***When finished, put everything back to how you found it*** – dials fully open, knobs turned to high, the big teardrop knob centered, jets off, and the cover closed.
9. **OUTDOOR AREAS** accessible to guests include the front porch, the front yard, the patio adjacent to the greenhouse and hot tub, and the garden paths up to the **FIREPIT**. Ask before building a fire and bring your own wood or purchase some at our neighbors self-serve kiosk on RT114!

Please observe the **SIGNS** marking areas and items that are off-limits to guests. Thank you!!!
